

Auspex Radiant Hydronic Heating

Due to its supreme level of comfort and great heating efficiency, underfloor heating has become the popular way to heat modern homes. Auspex now provides a complete in-slab underfloor heating system into Australia – Auspex Radiant.

Our comprehensive range of innovative products has all the components required to create a complete underfloor heating installation. Auspex Radiant also has experts dedicated to training and certifying local installers in the Auspex Radiant system.

Talk to us about how Auspex Radiant can help with your next Hydronic Heating project.

Specialist Suppliers of Hydronic UFH Systems

Stainless Steel Manifolds 3-12 Circuit

Stainless steel manifolds come with all required components to ensure a fast efficient installation. The UFH pipe is an oxygen barrier 16mm PEX using the trusted Auspex crimp connection method on to the manifold.

Smartclip Technology

Smartclips save time, money and your back! Up to 80% faster to install, making it a smart choice to get a quality job done quickly.

UFH Design Service

UFH design service for any size project with material take offs, cutting schedules, projected output reports and detailed system pipework layouts we can support you in your next project.

DuoPEX Water

DuoPEX Water is a multilayer composite pipe made of an inner and outer PEX layers with an aluminum inner providing a continuous strong preforming piping solution. Manufactured with compliance to AS4176 for our pipe and fittings, this system is used within potable water and is a superior choice for Hydronic heating with high temperature and pressure rating performance.

Available in 16mm to 63mm with pre-insulated coils up to 26mm, a wide range of fittings including a copper press adaptor and is crimped with a Rothenberger battery tool and specialised compression head.

System Controls

Our modern Touchscreen fully programmable thermostats can operate as a single control unit, with boiler and power outlets, or in combination with our zone control system, allowing for straightforward connections.

Network Partnership

**Auspex**

Auspex Radiant is part of the Reliance Worldwide Corporation (RWC) global group of brands.

Specialising in the supply, support and training of quality Hydronic heating systems for the Australian residential and commercial industry and a strong focus on manufacturing within Australia.

All Auspex Radiant products are available Australia wide through the Reece network and we have Auspex representatives in each state. Whether you're a consultant, architect, builder, plumber or homeowner, we're ready to support you in your next project.
